1. Pursuant to the Director's two memorandums of 28 February, relating to the above, in which you concurred on 26 February, the War Department has furnished the requested statements of national intelligence requirements. The Requirements Branch of this office will furnish them to you separately this date. As the War Department has stated in the body of the text in each case, these requirements constitute the basis for the production of intelligence on the area involved. They are not requests for intelligence information, and in their present form do not constitute sufficient basis for collection and dissemination action.
